

Ulla Marchetti

Relationships and Secrets

Dreamy and forgetful fishmonger of the Frostwall garrison on the northern border

Volume 2 of 3 in the Ulla Marchetti collection. The other volumes cover the rest of this character's record.

The people in this life

Ulla learned the trade from Wren Achterberg, who still drops by unannounced and still finds fault with the way Ulla holds a tool. The longest-running feud in Ulla's life is with Halcyon Ravensworth, over a matter neither will explain; they are civil in public and merciless in private. The person Ulla trusts most is Jasper Greywind, who has never once asked for anything.

Secret

Ulla has never told Wren Achterberg that the famous 'accident' was deliberate.

The workshop password

The door to Ulla's workshop near the quartermaster's stores answers to the password 'cobalt-quartz'. Ulla has never changed it and tells exactly one person per year, usually by accident. Jasper knows it. Halcyon pretends not to.

Sample dialogue

Visitor: Who taught you?

Ulla: Wren Achterberg. Do not repeat that where Wren can hear it; the head is large enough.

Visitor: And Halcyon?

Ulla: Halcyon Ravensworth is a rival. That is the polite word. We have others.

Visitor: What is the password to the workshop?

Ulla: You are the second person to ask this week. Fine. It is 'cobalt-quartz'. Say it once and forget it.
