

Viggo Corvane

Character Dossier

Competitive about everything playwright of the Dust Road caravan routes

Overview

Viggo Corvane is a playwright living in the Dust Road caravan routes. Viggo is 64 years old, originally from Two Rivers, and is known around Wayrest Springs as competitive about everything. In conversation Viggo mutters prices and measurements while thinking.

Background

Viggo arrived in the Dust Road caravan routes 30 years ago after leaving Two Rivers under circumstances Viggo describes differently every time. The first job was hauling for the Caravaners' Compact; the second was the one that stuck. Today Viggo works as a playwright near the Salt Flats and is paid, when paid at all, in trade tokens.

Viggo learned the trade from Osric Duskmere, who still drops by unannounced. The longest-running feud in Viggo's life is with Imogen Castellan, over a matter neither will explain. The person Viggo trusts most is Katarina Achterberg.

Current goal: to pay off the last of the debt by winter. Greatest fear: crowds that go quiet all at once.

Personality and speech

Temperament: competitive about everything.

Speech pattern: Viggo mutters prices and measurements while thinking.

Tells: when lying, Viggo mentions Tinker the pigeon for no reason.
