Volume 1 of 2 in the Percival Achterberg collection. The other volumes cover the rest of this character's record.

Overview

Percival Achterberg is a herbalist living in the Frostwall garrison on the northern border. Percival is 71 years old, originally from Anselm, and is known around the east rampart as charming and evasive. In conversation Percival mutters prices and measurements while thinking.

Background

Percival arrived in the Frostwall garrison on the northern border 7 years ago after leaving Anselm under circumstances Percival describes differently every time. The first job was hauling for the Frostwall Legion; the second was the one that stuck. Today Percival works as a herbalist near the quartermaster's stores and is paid, when paid at all, in iron pennies.

The people in Percival's life, and the things Percival would rather nobody knew, are recorded in the Relationships and Secrets volume of this collection.

Current goal: to map every path through the east rampart. Greatest fear: mirrors in the dark.
