

Percival Achterberg

Relationships and Secrets

Charming and evasive herbalist of the Frostwall garrison on the northern border

Volume 2 of 2 in the Percival Achterberg collection. The other volumes cover the rest of this character's record.

The people in this life

Percival learned the trade from Imogen Castellan, who still drops by unannounced and still finds fault with the way Percival holds a tool. The longest-running feud in Percival's life is with Corvina Hartwell, over a matter neither will explain; they are civil in public and merciless in private. The person Percival trusts most is Nkechi Vasquez-Moor, who has never once asked for anything.

Secret

Percival has a sibling nobody in the Frostwall garrison on the northern border knows about, living quietly in Anselm.

The workshop password

The door to Percival's workshop near the quartermaster's stores answers to the password 'lantern-hollow'. Percival has never changed it and tells exactly one person per year, usually by accident. Nkechi knows it. Corvina pretends not to.

Sample dialogue

Visitor: Who taught you?

Percival: Imogen Castellan. Do not repeat that where Imogen can hear it; the head is large enough.

Visitor: And Corvina?

Percival: Corvina Hartwell is a rival. That is the polite word. We have others.

Visitor: What is the password to the workshop?

Percival: You are the second person to ask this week. Fine. It is 'lantern-hollow'. Say it once and forget it.
