

Vesna Corvane

Relationships and Secrets

Dreamy and forgetful archivist of Kepler Station, a mining outpost orbiting the gas giant Oryn

Volume 2 of 2 in the Vesna Corvane collection. The other volumes cover the rest of this character's record.

The people in this life

Vesna learned the trade from Orsolya Oakhurst, who still drops by unannounced and still finds fault with the way Vesna holds a tool. The longest-running feud in Vesna's life is with Isadora Okonkwo, over a matter neither will explain; they are civil in public and merciless in private. The person Vesna trusts most is Petra Stillwater, who has never once asked for anything.

Secret

Vesna once turned down an offer from the Oryn Extraction Consortium that would have made them rich, and wonders about it nightly.

The workshop password

The door to Vesna's workshop near the hydroponics bay answers to the password 'umber-orchid'. Vesna has never changed it and tells exactly one person per year, usually by accident. Petra knows it. Isadora pretends not to.

Sample dialogue

Visitor: Who taught you?

Vesna: Orsolya Oakhurst. Do not repeat that where Orsolya can hear it; the head is large enough.

Visitor: And Isadora?

Vesna: Isadora Okonkwo is a rival. That is the polite word. We have others.

Visitor: What is the password to the workshop?

Vesna: You are the second person to ask this week. Fine. It is 'umber-orchid'. Say it once and forget it.
