Background

Elowen arrived in Neon Meridian, a rain-soaked megacity 30 years ago after leaving Kettering under circumstances Elowen describes differently every time. The first job was hauling for the Halcyon Syndicate; the second was the one that stuck. Today Elowen works as a cartographer near Sector 9 transit hub and is paid, when paid at all, in meridian scrip.

Elowen learned the trade from Xavier Grimsby, who still drops by unannounced. The longest-running feud in Elowen's life is with Rosalind Zimmerling, over a matter neither will explain. The person Elowen trusts most is Yusuf Zimmerling.

Current goal: to find out what happened to the missing caravan. Greatest fear: birds indoors.
