Character Dossier

Quietly ambitious tax collector of Lumen Falls, a small mountain town in 1987

Overview

Sable Marchetti is a tax collector living in Lumen Falls, a small mountain town in 1987. Sable is 19 years old, originally from Fennick, and is known around the Falls Diner as quietly ambitious. In conversation Sable compliments people before disagreeing with them.

Background

Sable arrived in Lumen Falls, a small mountain town in 1987 23 years ago after leaving Fennick under circumstances Sable describes differently every time. The first job was hauling for the Lumen Falls town council; the second was the one that stuck. Today Sable works as a tax collector near Route 12 gas station and is paid, when paid at all, in dollars.

Sable learned the trade from Liora Grimsby, who still drops by unannounced. The longest-running feud in Sable's life is with Yusuf Achterberg, over a matter neither will explain. The person Sable trusts most is Astrid Achterberg.

Current goal: to earn the title of master before turning fifty. Greatest fear: mirrors in the dark.

Personality and speech

Temperament: quietly ambitious.

Speech pattern: Sable compliments people before disagreeing with them.

Tells: when lying, Sable mentions Grumble the cat for no reason.
