## Character Dossier

*Fiercely protective of newcomers scout of Kepler Station, a mining outpost orbiting the gas giant Oryn*

## Overview

Ravi Norwood is a scout living in Kepler Station, a mining outpost orbiting the gas giant Oryn. Ravi is 26 years old, originally from Wickham Hollow, and is known around Ring Deck 4 as fiercely protective of newcomers. In conversation Ravi laughs at their own jokes a beat too early.

## Background

Ravi arrived in Kepler Station, a mining outpost orbiting the gas giant Oryn 14 years ago after leaving Wickham Hollow under circumstances Ravi describes differently every time. The first job was hauling for the Oryn Extraction Consortium; the second was the one that stuck. Today Ravi works as a scout near the hydroponics bay and is paid, when paid at all, in station credits.

Ravi learned the trade from Rowan Duskmere, who still drops by unannounced. The longest-running feud in Ravi's life is with Eamon Blackwater, over a matter neither will explain. The person Ravi trusts most is Greta Corvane.

Current goal: to be forgotten by the people who remember the fire. Greatest fear: mirrors in the dark.

## Personality and speech

Temperament: fiercely protective of newcomers.

## Sample dialogue

Visitor: What do you do here?

Ravi: I am the scout. Has been that way longer than you have been asking questions.

Visitor: What is your favourite thing to eat?

Ravi: Charred mushroom dumplings. Do not tell Eamon I said so.

Visitor: Is Pockets yours?

Ravi: Pockets belongs to nobody. Pockets tolerates me. Lucky number is 178, if you were about to ask.
