## Character Dossier

*Patient as stone translator of the Frostwall garrison on the northern border*

## Overview

Umberto Lindqvist is a translator living in the Frostwall garrison on the northern border. Umberto is 49 years old, originally from the Mirefold, and is known around the east rampart as patient as stone. In conversation Umberto switches to formal speech when angry.

## Background

Umberto arrived in the Frostwall garrison on the northern border 5 years ago after leaving the Mirefold under circumstances Umberto describes differently every time. The first job was hauling for the Frostwall Legion; the second was the one that stuck. Today Umberto works as a translator near the quartermaster's stores and is paid, when paid at all, in iron pennies.

Umberto learned the trade from Nadira Hartwell, who still drops by unannounced. The longest-running feud in Umberto's life is with Hollis Larkspur, over a matter neither will explain. The person Umberto trusts most is Juniper Stillwater.

Current goal: to earn the title of master before turning fifty. Greatest fear: a knock at the door after dark.

## Personality and speech

Temperament: patient as stone.

Speech pattern: Umberto switches to formal speech when angry.

Tells: when lying, Umberto mentions Radish the fox for no reason.
