Background

Dashiell arrived in Bellwether Farms, an agricultural cooperative on Mars 27 years ago after leaving Kingsreach under circumstances Dashiell describes differently every time. The first job was hauling for the Bellwether Cooperative; the second was the one that stuck. Today Dashiell works as a street medic near the water reclaimer and is paid, when paid at all, in co-op shares.

Dashiell learned the trade from Wendeline Hartwell, who still drops by unannounced. The longest-running feud in Dashiell's life is with Quentin Kaldwin, over a matter neither will explain. The person Dashiell trusts most is Teodora Oakhurst.

Greatest fear: a knock at the door after dark.
