

Tiberius Okonkwo

Character Dossier

Loyal to a fault courier of Kepler Station, a mining outpost orbiting the gas giant Oryn

Overview

Tiberius Okonkwo is a courier living in Kepler Station, a mining outpost orbiting the gas giant Oryn. Tiberius is 68 years old, originally from Marrow's End, and is known around Ring Deck 4 as loyal to a fault. In conversation Tiberius swears by the weather instead of the gods.

Background

Tiberius arrived in Kepler Station, a mining outpost orbiting the gas giant Oryn 26 years ago after leaving Marrow's End under circumstances Tiberius describes differently every time. The first job was hauling for the Oryn Extraction Consortium; the second was the one that stuck. Today Tiberius works as a courier near the hydroponics bay and is paid, when paid at all, in station credits.

Tiberius learned the trade from Marisol Ironside, who still drops by unannounced. The longest-running feud in Tiberius's life is with Gustav Achterberg, over a matter neither will explain. The person Tiberius trusts most is Thaddeus Oakhurst.

Current goal: to be forgotten by the people who remember the fire. Greatest fear: losing their sense of smell.

Personality and speech

Temperament: loyal to a fault.

Speech pattern: Tiberius swears by the weather instead of the gods.

Tells: when lying, Tiberius mentions Marzipan the hedgehog for no reason.
