Methodical and secretly sentimental tutor of Bellwether Farms, an agricultural cooperative on Mars

Overview

Kenji Marchetti is a tutor living in Bellwether Farms, an agricultural cooperative on Mars. Kenji is 38 years old, originally from the Mirefold, and is known around Dome C as methodical and secretly sentimental. In conversation Kenji mutters prices and measurements while thinking.

Background

Kenji arrived in Bellwether Farms, an agricultural cooperative on Mars 7 years ago after leaving the Mirefold under circumstances Kenji describes differently every time. The first job was hauling for the Bellwether Cooperative; the second was the one that stuck. Today Kenji works as a tutor near the water reclaimer and is paid, when paid at all, in co-op shares.

Kenji learned the trade from Dorothea Zimmerling, who still drops by unannounced. The longest-running feud in Kenji's life is with Kestrel Hartwell, over a matter neither will explain. The person Kenji trusts most is Delphine Norwood.

Current goal: to be forgotten by the people who remember the fire. Greatest fear: letting Delphine Norwood down.
